

**Small General Use Series**

**NEW Clean DRY-CABI**

Ultra ecology design

**Convenient, top located outlet**

(Located upper back right side, with 30cm code)

Easy to charge batteries of cameras and mobile phones. 100~115V(until about 500W) or 220~240V(until about 250W)

**The first in the world, Special Series Dual digital hygrometer**

Inner humidity Outer humidity  
Power supply direct connection  
No need of battery

Very popular

Shelves are made of sturdy steel (Load-resistant: 50kg/shelf) and are covered with high quality navy blue cushion sheet which soften the shock of putting things in. Shelves are also movable to upper or lower.

Fashionable and sturdy clear tempered glass provides security and solid feeling (Magnet rubber maintains air-tightness well).

Equipped with high performance, reliable desiccators and humidity controller located at the lower deep inside.

Door knob with lock is convenient. Easy to use and prevent stored goods from taking out.

Spacey inside cabinet & useful steel tray

With 4 shelf boards

**H-110D-MII**

Outside: 400 x 384 x 918mm  
Inside: 398 x 320 x 838mm (107L)  
100V (50/60Hz) 0.3~1.82W/H  
220V (50/60Hz) 0.25~10.25W/H  
Weight: 16 kg  
Accessories: 4 shelves, 1 tray, 2 keys  
Casters are optional.

With 2 shelf boards

**H-115WD-MII**

Outside: 805 x 384 x 522mm  
Inside: 803 x 320 x 442mm (114L)  
100V (50/60Hz) 0.3~1.82W/H  
220V (50/60Hz) 0.25~10.25W/H  
Weight: 20 kg  
Accessories: 2 shelves, 1 tray, 2 keys  
Casters are optional.

Mold prevention Antibacterial Deodorization Purification

**Drying cabinets, DRY-CABI adopt epoch-making photocatalyst**

All models

Visible Light Responsive

Sprayed indoor-light reacting photocatalyst resolute and remove bacteria, virus and odor, etc on the shelf sheets.

Without exclusive illumination, with the wide area and capacity, maximize the effect of purification.

The effect overwhelms the conventional. Visible light responsive photocatalyst

We adopt the photocatalyst of Toshiba Materials Co., Ltd. Toshiba Materials has developed an innovative non-titanium photocatalyst that reacts to visible light at an illuminance as low as 200 lux (200 lux is the typical light level of a living room).

**New energy-saving & space-saving desiccators**

High performance drying unit (drying material system) gets it done.

High efficiency seesaw type ventilation shutter works well and maximizes humidity absorption & ventilation.

The absorption & ventilation cycle of new drying unit upgraded to 4 hours (3 hours and 30 minutes absorption and 30 minutes ventilation). It is energy-saving and compact design located at the deep inside of cabinet.

With 6 shelf boards

**H-180D-MII**

Outside: 400 x 381 x 1,315mm  
Inside: 398 x 320 x 1,235mm (157L)  
100V (50/60Hz) 0.3~1.82W/H  
220V (50/60Hz) 0.25~10.25W/H  
Weight: 25 kg  
Accessories: 6 shelves, 1 tray, 2 keys  
Casters are optional.

With convenient casters

**H-155WD-MII**

Outside: 805 x 381 x 725mm (With casters)  
Inside: 803 x 320 x 592mm (152L)  
100V (50/60Hz) 0.3~3.6W/H  
220V (50/60Hz) 0.25~10.25W/H  
Weight: 25 kg  
Accessories: 3 shelves, 1 tray, 2 keys  
4 casters (2 with stopper)

With 3 shelf boards

With convenient casters

With 5 shelf boards

**H-205WD-MII**

Outside: 805 x 381 x 975mm (With casters)  
Inside: 803 x 320 x 790mm (203L)  
100V (50/60Hz) 0.3~3.6W/H  
220V (50/60Hz) 0.25~10.25W/H  
Weight: 36 kg  
Accessories: 4 shelves, 1 tray, 2 keys  
4 casters (2 with stopper)
